

Carroll Community College
A.S. Transfer Plan Applied Mathematics

A.S. in Physical Sciences, Physics Concentration to B.S. in Applied Mathematics

This transfer plan is intended for students pursuing an _____ at _____
_____ who are interested in pursuing a _____ at Stevenson University. The
equivalencies below demonstrate how a student can meet both the requirements of the associate degree and prepare
for a seamless transfer to Stevenson. Any student who enters Stevenson with an A.A. or A.S. degree will have completed
all general education requirements with the exception of composition II if not taken at the community college. Please
note:

Only courses that have course equivalencies are displayed. This guide does not show all transferable courses
from this college. It also does not display all Stevenson University courses that will fulfill a specific requirement.
Program requirements must be completed with a grade of "C" or better, and general education courses must be
passed with a grade of "D" or better, with the exception of college composition, which must be passed with a
"C-" — 70 or higher.

Stevenson University will accept up to 70 credits from 2-year institutions. Up to 90 credits can be applied to
degree requirements from a combination of 2-year institutions, 4-year institutions, and non-direct classroom
instruction (including CLEP, AP, and other nationally recognized standardized examination scores). For additional
information about credit transfer, please see: [http://www.stevenson.edu/admissions-aid/getting-
started/transfer-students/transfer-credit-evaluation/](http://www.stevenson.edu/admissions-aid/getting-started/transfer-students/transfer-credit-evaluation/)
